Dear John:

On behalf of the Boston Committee on Foreign Relations, I would like to thank you very much for taking the time to address our meeting on November 28, 1984. A number of members remarked afterward how much they appreciated your remarks and the candor with which you addressed questions from the members. An important function of the Committees on Foreign Relation is to foster a particularized understanding among their members of the intricacies of the foreign policy process in which your agency is so heavily involved. The November 28 meeting was a model for that communications process and I am very grateful for your participation.

I was also impressed by the thoroughness and professionalism of your public relations and security staffs in producing a very smooth meeting. Again thanks for your being with us.

Sincerely yours,

Gary A. Spiess
